DETAILED ACTION

Claims 2-17 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Z is structural requirement for original claims. Amended claims do not require Z. For this reason, amended claims introduce new matter.
